

Basin Faucet 7904-90-81CP

INTRODUCTION:

The special shape is like the letter "G," and it not only refers to "G" for DRAGON but also means "G" for GOOD. DRAGON Series is the symbol of a high quality artistic work. This brand-new design concept is different from the traditional style, therefore, it is perceived that JUSTIME insists on upgrading in each day to provide clients the best shower time.

Both of the spout and handle can be revolved for changing the shape as what the user requires, so that sometimes it is a crouching dragon and sometimes it will prepare to soar in the sky any time.
